**Steve Mitchell – the local man for the local job**

## OUTRAGE OVER WASTE COLLECTION CUTS

Flitwick residents have voiced serious concern about the cuts which **will** start in October. It means that after then, your throwaway rubbish will only be collected fortnightly.

Liberal Democrats say this will inconvenience people, in particular those with young families. It could lead to health hazards and an increase in fly tipping. Local Tories who brought in this policy seem more concerned with saving money than saving the environment.

**SKF site  
– success!**

SKF site on the High Street

The contractors working on the SKF site have now agreed to improved measures to dampen down dust. This follows pressure by Flitwick Liberal Democrat councillor John Watton. The concerns of residents in Pilgrims Close and Hinksley Road should therefore be relieved.

### THREE THINGS TO REMEMBER

- *Steve Mitchell has lived in Flitwick all his life. The Conservative and Labour candidates both live outside the town.*
- *Liberal Democrats keep in touch right through the year with Focus newsletters.*
- *We help dozens of people every month over local issues.*

**FOR FLITWICK ON JULY 22nd**

**OVERLEAF: Latest local news**

## FLITWICK STATION AREA

*John Watton at the High Street*

We are delighted that after months of pressure by residents and local **Liberal Democrats**, the overgrowth surrounding the station has been cut back. Now **Flitwick Liberal Democrat** councillor **John Watton** – pictured at the High Street – hopes the job can be completed by picking up the litter which has obviously accumulated there for years.

## PAVEMENTS AND ROADS

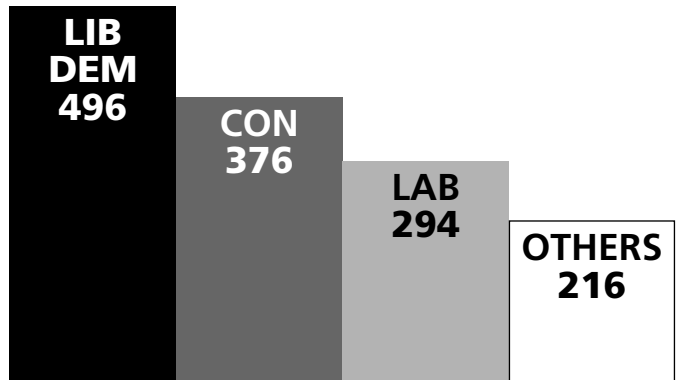

*Steve Mitchell on Hinksley Road*

The state of our roads and pavements is a disgrace, says **Steve Mitchell**. If elected on July 22 I will have a stronger voice to speak on these issues and other matters which affect **Flitwick** residents.

## Liberal Democrats WIN in Flitwick

Flitwick results last year show that **Liberal Democrats** win in this area. The bar chart shows the story.

Based on local results in May 2003.

## THE BEST CHOICE FOR FLITWICK

*Steve Mitchell and John Watton at Flitwick Moor*

**Steve Mitchell** is a local man who knows and understands your concerns. In particular, **Flitwick** has outgrown its provision of important facilities such as schools, roads and recreational space. These are the type of issues Steve would like to tackle if you elect him to the District Council on July 22nd.
